## STUYF CARGO

The Stuyf Cargo is a light electric vehicle developed for the use in dense urban areas. Versatile and very suitable for the last mile. With a range of 43 or 86 km, the battery has enough power for a day's work. You can step on and off the Stuyf easily while parking on the sidewalk. This makes the Stuyf Cargo ideal for activities that require many stops, like parcel delivery. Imagine the countless activities the Stuyf Cargo can support. Adding a mobile power supply and built-in tools, everything you need is at hand for service or maintenance work in the city center.

## A. GULLWING DOORS

The gullwing doors offer quick and easy access to the cargo space and can be opened on both sides. Gullwing doors are convenient in narrow urban areas, where a traditional door would block the street.

## B. CARGO SPACE

The cargo space can fit 250 kg of cargo and has a volume of 1.2 m<sup>3</sup>. A compartment under the floor offers space for a spare tire and additional storage.

## C. KEYLESS GO SYSTEM (OPTION)

The Stuyf Cargo can be equipped with a convenient keyless access and keyless drive system. Within a range of 3 meters, the driver has keyless access to the storage area. A timesaver during routes with many stops.

## D. BATTERY PACK OPTIONS

The Stuyf can be ordered with a regular (100Ah) or large (200Ah) Lithium LFP battery pack. This translates in a range of 43 km or 86 km. See all specifications on the next page.

MODEL	ECBDEX	ECBEEEX
Vehicle category	L6e	
Maximum speed	25 km/h	
Range <small>(REGULATION (EU) No 134/2014 - ANNEX VII)</small>	43 km	86 km
Pay-mass	250 kg	250 kg
Vehicle mass	240 kg	260 kg
Loading capacity	1.2 m <sup>3</sup>	
Maximum slope angle	10° / 17.6%	
Turning radius	570 cm	
Ground clearance	15.5 cm

## **60 MONTHS FULL WARRANTY ON MAINTENANCE. AN ALL-IN SERVICE WHERE YOU DON'T HAVE TO WORRY ABOUT THE STUYF.**

When purchasing (buying) a Stuyf, you can opt for Full Service. An all-in subscription for a fixed amount per month, where you do not have to worry about maintenance and service.

*With Lease, Full Service is included in the monthly price.*

Tires and batteries will be replaced in good time. If there is any problem with your Stuyf, we will make sure you remain mobile. Our aim is to repair the vehicle you before your next ride; within 24 hours at most. No additional costs for repairs. Annual service is also included in the Full Service.

We take care of the following items of control and action:

- electronic components
- operation of mechanical parts, such as steering and brakes
- operation of hydraulic parts, such as brakes
- tire wear check
- read out battery usage and capacity
- battery replacement
- replacement of worn components
- repairs
- alternative transport without additional costs
- mobile within 24 hours

There will be no other charges other than the monthly full service costs.

## THE STUYF CAN BE SIGNED AND DELIVERED WITH YOUR OWN LOGO OR BRANDING.

### LOGO OR SMALL DESIGN

The Stuyf body is made of ABS, which is very suitable for graphic film. We can design and sign the Stuyf Cargo with your own logo or branding. A small logo design of maximum 1 m<sup>2</sup> is included in the price.

### HALF WRAP OR FULL WRAP

It is also possible to half wrap or fully wrap the Stuyf.

### HOW WE WORK:

1. Send us your logo or branding in vector format (EPS / PDF / AI).
2. Our graphic designer will prepare the design and send you the proposal.
3. You give your feedback or approval.
4. The Stuyf will be signed (sealed) and delivered.

## LEGISLATION

European type-approval applies to the Stuyf according to Regulation (EU) No 168/2013 as vehicle type L6e-A: Light quadri-mobile for utility purposes

Please consult your national road traffic regulations to see what conditions apply in terms of minimum age, helmet duty, place on the road, etc.

## INSURANCE

In the Netherlands, the Stuyf must at least be insured for third party liability (Wettelijke Aansprakelijkheid, WA).

Upon delivery in other countries, you need to register the Stuyf under national road legislation and apply for insurance. Contact your local insurance company for more information.

**CONTACT US IF YOU NEED HELP  
WITH INSURANCE OR NATIONAL LEGISLATION.**

## POSSIBLE IN-VEHICLE EQUIPMENT

In collaboration with our partner Brover in The Netherlands, we can build your Stuyf Cargo in a way it fits your work perfectly. Do you need on-site power? No problem, we can equip the vehicle with a mobile power supply from Zeliox.

The images below are just some possibilities. Contact us for inquiries.
